

LITTLE LOSS BY FIRE IN YEAR JUST PAST

Fine Record of Twelve Months
Shows Total Damage
\$2853.25

TWENTY-FIVE CALLS
TWELVE WITH FIRE

The Department Last Night
Re-elected Its Officers for
the Coming Year

Santa Ana shows a wonderfully clean record in regard to fires. This record for the past year was presented at the annual meeting of the Santa Ana Fire Department last night, by the secretary-treasurer, George E. Peters. In short, this report shows that in the year ending June 1 the total damage by fire inside this city—a city of 9000 population—was \$2,853.25. Of that amount, \$1,798.25 was covered by insurance, leaving a net loss of \$1055 to the owners. The net loss was \$1870 the year previous. This was no "freak" year. The showing of other years are as good. The fire department is quick to act and is thoroughly efficient.

This year there were twenty-five alarms, which was twelve more than last year. Of these alarms seven were at night and eighteen in the day. Thirteen calls were false alarms.

Last night the following named officers were re-elected to serve another year:

Chief—W. C. Young.
First Assistant Chief—Geo. E. Peters.
Second Assistant Chief—R. S. Dickinson.
President—E. G. Glenn.
Vice President—E. E. Wood.
Secretary-Treasurer—Geo. E. Peters.

MURDER SUSPECT IS UNDER ARREST

Man Thought to be Joseph
Wendling Taken in An
Ohio City

MIDDLETOWN, Ohio, June 8.—The police here have arrested a man they believe is Joseph Wendling, suspected of the murder of Alma Kerner, who disappeared last December in Louisville, Ky. The man was employed at the American Roller Mills here. Louisville police are enroute.

NOT A MAD-DOG BUT HE LOOKED THE PART

Consternation Reigned at the
Corner of Eighth and Main
Streets Last Night

The startling cry of "mad-dog" rent the atmosphere at the corner of Main and Eighth streets last night as a large number of people were going their way homeward from the show. A yelling dog caused the cry. He tore out of a yard near the vicinity and ran along eighth street. Terror was in every note of his outcry. His voice, raised in nothing less than holy horror, struck terror to his hearers.

Someone cried: "Mad-dog."
One high school boy jerked his pocket-book from his pocket, and made a wild throw with it at the animal that came down the sidewalk like a comet dashing through space.

A young man and his lady were near the corner. The young lady took flight to Dr. Boyd's porch, while her escort is said to have gently sought a tree on the opposite side of the street.

The dog turned out Main street, and his voice proclaimed him passing the Santiago creek bridge.

Was the dog mad, really and truly mad? No, not mad, only ruffled. He had wandered into a woodshed and had fallen afoul of a mother cat with a batch of new kittens. The things she did to him was enough to start him on his journey.

PINCHOT OPPOSES TAFT'S LAND BILL

Says Land Withdrawal Bill is
Against Interests of the
People

WASHINGTON, June 8.—Believing the administration land withdrawal bill if passed would operate directly for the water power interests against the interests of the people, Gifford Pinchot today reiterated his unalterable opposition to it.

"The bill empowers the president to protect and is enormously favorable to power sites on public lands by means of withdrawals. It also provides if minerals are found on these lands it can be taken away. The Alaskan coal lands should not be disposed of unless temporary leases are withdrawn. It is important that a bill containing further withdrawals be passed immediately."

LORIMER CASE IS SLOW— ONLY 4 JURORS SECURED

CHICAGO, June 8.—Four jurors have been secured for the trial of Lee O'Neill Brown, charged with bribery in connection with the election of Senator William Lorimer. Today's session of the trial was devoted to questioning the veniremen. Neither side will venture a prediction as to when the jury will be completed.

ORDERED TO LEAVE BEACH

Sheriff Serves Notice of Dis-
possession on Men at
Anaheim Landing

Sheriff Lacy this morning ordered representatives of the Anaheim Landing Milling Co. to leave the premises of the Hellman ranch at Anaheim Landing. The order came in the action of Hellman vs. Longley, who is president of the company. The company has had some shacks and a derelict up on the property a long time, and Hellman sued to dispossess it. The representatives promised to get their property away at once. If it does not, the sheriff will remove it. He will put a keeper in charge.

PIONEER OF '49 DIES IN SAN BERNARDINO

SAN BERNARDINO, June 8.—Geo. W. Suttentfield, one of the few remaining "forty-niners," died in this city Monday night. He came to California in October, 1849, going first to San Francisco where, after accumulating a small amount of money, he started in business. Later, when the mining fever was at its height, he went into mining. He came to this city in 1872 and has been a resident since.

Suttentfield was the originator of the idea of a Pioneer Society in this county, and has become known as the father of the order in San Bernardino county.

TEAMSTERS QUIT JOBS IN PORTLAND

Transfer Owners Ask Police
For Drivers—Mayor
Refuses

PORTLAND, Ore., June 10.—All efforts to settle the transfer teamsters' strike have been unavailing. Nearly five hundred men are out.

Mayor Simon has denied the request of the transfer owners to place policemen on every wagon driven by non-unionists. It is reported that many strike-breakers are coming from the East.

Oregon Workmen Strike
ASTORIA, Ore., June 8.—Machinists employed in the Astoria Iron Works are striking today in sympathy with similar strikes of the metal workers along the coast.

The men struck after serving their employers with a demand for an eight hour day and ten cents daily wages increase. They were paid \$3.50 for a nine-hour day and the company refused to grant their demands.

comes to Roosevelt

LONDON, June 8.—Colonel Roosevelt declared today that he has not asked, nor will he accept, any favors from the New York customs house when he returns to America. "I have not asked any special consideration for my own baggage or that of my family," he said. "I expect to pass the customs house as any other private citizen, and pay full duty on every article not exempted to the general traveling public."

He added that the report that the examination of his baggage would be waived because Collector Loeb was formerly his secretary, was preposterous, and was an insult to him and the nation.

Old Secretaries to Meet Him
WASHINGTON, June 8.—President Taft has appointed Secretary of Agriculture Wilson and Secretary of the Navy Meyer to meet Roosevelt in New York upon his return to America. They will carry a letter from the President, welcoming Roosevelt. These secretaries were chosen because both were members of Roosevelt's cabinet.

BLUEFIELDS IS NOW UNDER PROTECTION

"Dubuque" Guards Harbor and
"Prairie" is on the Way
From Colon

WASHINGTON, June 8.—The transport Prairie, carrying two companies of marines, left Colon, Panama, today, for Bluefields, to protect American interests.

Consul Moffatt has officially confirmed the report that General Rivas, commanding the Madriz forces at Bluefield Bluffs, yesterday defied the American gunboat Dubuque, which entered the harbor. Commander Harold Hines replied with the statement that he "would open fire and level the bluffs" if the Nicaraguans attempted to prevent his entrance. The Dubuque remained in the harbor, ready to fire if Rivas acts.

COMMANDER OF DUBUQUE GIVES DRASTIC WARNING

In reply to the statement concerning seizures of American or other vessels entering Bluefields harbor, made by the Madrizites, Commander Hines of the Dubuque, who is now the senior American officer here, has given notice to General Rivas in these terms:

"The first shot fired at any vessel engaged in commercial relations with America or showing the American flag will cause me to level Bluefields bluff. This warning may be considered final."

RAILROADS WILL LOSE MONEY ON PRESENT RATES

ST. PAUL, June 8.—James J. Hill, president of the Great Northern, commenting on the railroad situation, said today:

"Hop will suffer if the railroads are not permitted to increase the rates. If the administration wishes to cripple the roads it has the opportunity. The roads need increased facilities, but under the present conditions there is no chance to raise the necessary millions."

The Great Northern refused to participate in the Washington conference.

Many Progressives Chosen in
Congressional Primary
Elections

DES MOINES, Iowa, June 8.—Returns from forty-six counties show that Garst, the progressive candidate for the Republican gubernatorial nomination, gaining on Governor Carroll, the regular candidate, at the rate of 160 votes in each county. If Garst's gain continues at the present ratio he will win by four thousand.

Later Reports
The progressives claim that Garst has defeated Carroll by five thousand, although returns from thirty-three of the ninety-nine counties indicate that Carroll is nominated. The progressives probably will control the legislature and the state convention. This means that Senators Cummins and Dolliver will be endorsed.

Claude R. Porter has secured the Democratic gubernatorial nomination. DES MOINES, Iowa, June 8.—The primary election returns that are being counted today indicate that Iowa "progressive" Republicans won their first victory over the "regulars." The progressives are successful in all but three districts. Judge S. E. Prouty, progressive, defeated Congressman Hull for the nomination by 2000 majority. Smith in the Ninth district, Townier in the Eighth, and Kennedy in the First, are the only regulars who were successful. Governor Carroll's majority over Warren Garst is about 5000.

VESSEY, PROGRESSIVE, BE- LIEVED TO HAVE WON

PIERRE, S. D., June 8.—Meager returns today indicate that Robert S. Vessey, progressive, is the successful Republican candidate for the gubernatorial nomination. Egan, Republican Independent, ran strong, and claims the nomination.

NATIVE SONS HAVE GOOD TIME ON LAKE AND SHORE

LAKE TAHOE, June 8.—Delegates to the annual convention of Native Sons of the Golden West turned to the lake in launches, others spent the day in hunting and fishing. There were no sessions of the convention. The meeting will close tomorrow, with election of officers for the ensuing year.

On the return trip from the lake cruise today the delegates will stop at Donner Lake to lay the corner stone of a proposed monument to the pioneer Donner party which perished there. Addresses will be made by the grand president, Congressman Joseph Knowland, and others.

IF LEASE IS TO BE HAD IT GOES THERE

Board of Supervisors May Put
Detention Home on Grand
Avenue

ULTIMATUM FOR
POOR FARM \$17,000

Committee Discussed Matter—
Official Doings of Super-
visors Today

This afternoon in executive session the Board of Supervisors decided to establish the detention home on Grand avenue, provided the county can get a ten-year lease to the property from the city of Santa Ana.

Yesterday afternoon Probation Officer Scott, Superior Judge West and members of the juvenile court committee went before the board and asked that the home be placed on Grand avenue, using the old school-house offered by the city. Judge West stated that under the law the board should establish a detention home at once. The visitors strongly favored the establishment near the county seat because of conveniences. Moreover, the committee planned to use the place as a parental school, to which truant children could be sent from the city schools. The cost of remodeling the building would be between \$1500 and \$2000.

The board had been favorable to establishing the detention home at the poor farm. Today the decision was for the Grand avenue proposition if the lease can be secured. The city school board is favorable. The supervisors referred the matter to the district attorney to learn if the city can legally give the county a ten-year lease on the building. The supervisors feel that they should not spend any money on the building without the county gets a lease.

Up to Owner
The Board of Supervisors today sent word for H. H. Lewis, who lives on the old Dr. Head place at Buaro, the proposed site of the poor farm and county hospital, to come to the courthouse. To him the board will offer the sum of \$17,000 for his forty-two acre tract, which Mr. Lewis has under contract to purchase from Dr. Head.

This morning Chairman Angle of the Board of Supervisors sold the Fullerton gravel pit of seven acres to George C. Wilton and W. T. Brown on their bid of \$875. The property was sold at auction.

The board declared the office of constable of Anaheim township to be vacant. Constable Litten having moved from the state. By unanimous vote, John Kallenberger was appointed constable. He presented a petition for his appointment.

Three bids were received for printing the tax collector's bills and receipts. The bids were: Register, \$237.50; Blade, \$220; Worden Printing Co., \$224.50. The contract was awarded to the Blade.

The board rejected all bids for the repainting of the West Chapman street bridge.

The letting of a contract for painting the courthouse roof was continued to July 6.

Now at Seattle Pleads
Guilty

SEATTLE, June 8.—Following the receipt of the refusal of President Taft to order the removal from Fort Lawton of the Twenty-sixth (colored) infantry as the result of an assault last Saturday on Mrs. J. W. Redding, officers here began a determined effort to learn the guilty person.

After repeated denials Nathaniel Bledser, private broke down and confessed under cross examination, according to the county officials. He claimed he was drunk at the time.

Citizens of Seattle are preparing many petitions to the war department and the president requesting the removal of the colored troopers.

Many Cities Promise
Assistance

LOS ANGELES, June 8.—In response to the questions of a delegation of striking metal workers, Mayor Alexander stated today that he will permit picketing by the strikers within the city so long as the ordinances are obeyed and peace is kept.

The strikers' executive committee held a meeting this morning, after which the committee visited the mayor and announced the receipt of financial help from San Francisco, but refusing to name the sum. Letters offering help have been received from Chicago, Oakland, Omaha, Kansas City and other places. The strikers are optimistic.

Employers Get Strikebreakers

LOS ANGELES, June 8.—There are no evidences of yielding today by either faction involved in the metal workers strike. Officers of the Founders Employers Association, against which the strikers are making their hardest fight, claim that many metal workers are enroute from the east and middle west to act as strike breakers. Communications from prospective strike-breakers are arriving in hundreds, according to their statements.

The strikers will probably make but few moves until the result of the conference of their representative and the San Francisco unions is made known. San Francisco has promised help financially. It is believed the unionists are waiting definite word before actively prosecuting their campaign.

Situation

ROME, June 8.—Hospitals throughout Southern Italy are filled with injured people and more are being brought in hourly. The startling number of injured in the stricken provinces gave rise to exaggerated reports of deaths and many estimates are running as high as a thousand. It is believed today the death list will not exceed seventy-five. The dead at Calatraz, San Sossa and San Sele number fifty. There is much suffering among the survivors. Supplies are exhausted and medicine and other relief is needed.

The relief resources of the Red Cross are exhausted. Improvised shelters are crowded with persons seeking medical aid. The slow moving government machinery is holding back needed aid. Those in charge of distribution supplies are hoping the king will hasten the work when he arrives today.

Reports indicate that the hurricane which followed the temblor did great damage in the quake zone. It is reported to have killed six and injured a score in the Island of Sardinia.

REPORTS FROM OVER STATE CONCERNING APRICOT CROP

Based on the adage that "knowledge is power," the directors of the Orange County Dried Fruit Association are endeavoring to get reliable data concerning the apricot crop and market conditions. One of the directors enlisted the California Cultivator in gathering information direct from the growers, with good results. Friends and acquaintances also were written to, and so the review that follows is a collation by quotation and otherwise of the facts gathered. It will be seen that the apricot growing regions of the state are sufficiently well represented, and it will be easy to draw your own conclusions. The directors feel justified in reporting the apricot crop in the state as not more than one half the normal crop. Seven growers out of nine voted that Orange county shows a one-third crop. There are a few localities in the state that reported a

full, or even more than full crop, but these same localities have been hard hit since then by a hot, scorching wind that did a great damage to all fruit crops.

A buying and sales agent for an Eastern house, who has been across the waters, reports the foreign market able to take all our crop. He is authorized to buy all he can at 8 cents, but not to sell. Here, again, draw your own conclusion.

The little pamphlet, "Santa Ana, Cal.," issued by the Chamber of Commerce states the output of dried apricots of last year as 2,820,000 pounds. Suppose the growers had received 2 cents more a pound for them than they did; it would have brought them \$56,400 more. This movement of the growers for adequate and remunerative prices means much to Orange county. Mr. M. last year sold his dried apricots at 6 1/2 cents a pound, while a few others received 10 cents, a difference of 3 1/2 cents. It is a notorious fact that the price paid to the growers has generally been from 2 to 5 cents lower than it should have been, and that means a serious annual loss to the individual growers and indirectly to the county. Low prices are the result, first of large supply compared to demand. This does not hurt the grower, provided the price is right. Second, of false representations concerning the crop and market conditions, resorted to by unscrupulous buyers. This hurts growers, and against this his association must protect him by becoming an information agency. Every grower should join the association, and cooperate in getting and giving out information.

Third, by manipulation of the market. Mr. B. of Tustin, found several early carloads of dried apricots from Orange county in St. Louis that were sold below cost in order to send back the report that prices were too high. When the price went down and the bulk of the crop had been snapped up at the lower figures the price promptly advanced, and the manipulator had turned the trick of losing a few hundred dollars in order to gain thousands. A few growers who held on gained likewise.

Quotations from the California Cul-

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Advice will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

A. L. Westmoreland, Valley Center, San Diego county—"The crop in this section will be about one-fourth of last year's."

L. O. Vount, Redlands, San Bernardino county—"This district will have about 800 tons as against 1100 tons last year."

J. E. Ward, Tustin, Orange county—"The output from this vicinity will range from one-fourth to one-half of last year's."

John W. McKay, Saticay, Ventura county—"Ranches in the canyon, which last year gave about 85 tons of dried apricots, will give this year about 40 tons. Santa Paula orchards are said to average a light crop; Nordhoff, short; Camarillo, good; Saticoy and Moorpark, about one-half." Later: "Since writing, one of the hardest east winds has blown down many apricots."

L. T. Webster, Carpinteria, Santa Barbara county—"The apricot crop of our valley will be about two-thirds that of last year."

J. C. Pestergard, Burbank, Los Angeles county—"The output from this section will be about one-third the normal crop."

Geo. W. Hunt, Hemet, Riverside county—"Our crop is about one-half that of last year. This is about the condition over the entire valley."

H. O. Larkness, Hemet—"The apricot crop in Hemet valley will be considerably short of last year. A great many orchards have less than one-fourth of a crop; a few have fair crops."

A. L. Bailey, Hemet—"The apricot crop in this valley will not be quite so good as last year. Some orchards are light, while others have nearly a normal crop. Our own has a fair crop."

A. H. Blakely, Ontario—"The crop is very light in and about Ontario and Cucamonga."

G. H. Waters, Pomona, Los Angeles county—"The apricot crop in Pomona Valley will be from one-half to two-thirds of a crop. I am inclined to think it will hardly reach two-thirds."

Hemet Canning Co., Hemet—"The Hemet valley will not produce over two-thirds of a crop. Some orchards are fair, while others are shy. There are probably 900 tons in the valley."

Thos. W. Spier, Ventura—"The apricot crop of this section will be about one-fourth of last year's."

Leonard Coates, Morganhill, Santa Clara county—"In this county the crop is generally fair, though very spotted. At any rate it is not a full crop."

J. R., Santa Paula—"My crop is about one-fourth that of last year, and this is a liberal estimate."

F. E. Lowe, Oceano, San Luis Obispo county—"The apricot crop in the Arroyo Grande valley and vicinity I think will not be more than one-half that of last year. My own will not be over one-third."

H. E. Twomey, Santa Paula, Ventura county—"As near as I can find out the crop in this immediate vicinity will be half or less."

C. Thorpe, Santa Paula—"The crop in this county will average about one-half of last season's, only."

Wm. B. Jackson, Ontario, San Bernardino county—"Around South Cucamonga the crop will not be more than one-fourth last year's, and we will be fortunate if it reaches that amount. This is from investigating in many different orchards."

Winters, Yolo county, apricot growers are discussing means of securing help to handle the big apricot crop. Hard hit since then.

GARDEN GROVE, June 6.—H. L. Parks and family drove to Newport Beach on Saturday, returning yesterday. They visited Mrs. J. McMillan, a sister of Mrs. Parks.

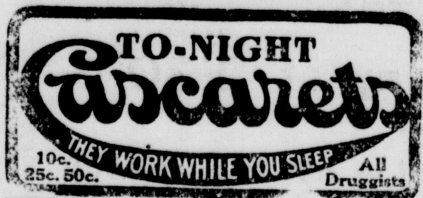

Yesterday was communion Sunday at the Latter Day Saints church.

Rev. Powell of Santa Ana, was the speaker at the Baptist church yesterday.

Mr. and Mrs. S. Penfold were in Los Angeles last Saturday to celebrate Mrs. Penfold's birthday. Forty-seven of their relatives gathered at East Lake Park, where they partook of a splendid dinner. The table was decorated with carnations, and a most enjoyable time was had.

Fred Adams will be the speaker at the Latter Day Saints church next Sunday.

A birthday party was given in honor of Clara Steel, it being her thirtieth birthday. About twenty of

CHARLES F. CURRY HAS ANNOUNCED HIS PLATFORM

Charles F. Curry, one of the several candidates for the Republican nomination for governor, has again addressed the voters of the state in a circular letter. This time he undertakes to formulate the platform on which he stands, the document professing to contain "an explicit announcement of his position in reference to the leading issues of the campaign." It consists of declarations and promises that every candidate would freely make. It is just about what any politician would write and send out if his only aim was to make votes.

But after all the "platform" is remarkable in one important particular, and that is not so much in what it says as in what it does not say. For instance there is no reference in it either to the Southern Pacific railroad or Mr. Herrin, its political manager. Here is the one great issue on which one of Mr. Curry's rivals is making his canvass and which is entirely ignored by him. Among other things Johnson is openly alleging on the stump that no other candidate than himself, which includes Mr. Curry, could under any circumstances be prevailed upon to publicly mention either Mr. Herrin or the S. P. railroad. This declaration of Johnson's is being published broadcast over the state, the people are naturally questioning in their minds whether or not it can possibly be true, and this would have been just the "psychological moment" for Curry to show them that as to him at least, Johnson is mistaken. But no! he is as mum as an oyster both as to Herrin and the S. P. He has thus confirmed Johnson's charge, and the unavoidable inference is that his relations to these unpopular political factors are such as to render such reference undesirable on his part.

Another vital and burning issue on which he is equally silent is that of "Local Option." Here is a question that is cutting a large figure with the people of this state, and to ignore it in a document which professes to contain "an announcement

of his position on the leading issues of the campaign," is to dodge one of the vital questions now before the people. Perhaps a little light can be thrown on this subject by the dispatches from San Francisco, in which we read as follows: "Curry, by making a saloon fight, has offended many who might have supported him. His banners and his pictures are to be seen everywhere in the saloons and the beer adjuncts to corner groceries, while the 'b'hoys' are shouting for him on trains and steamers and at Sunday picnics to an extent that is distasteful to those who want a man of dignity for governor." This explains his silence on the local option issue, and on the same principle it is easy to see why he is likewise mum on the S. P. and Herrin, as well as on all the other real questions that are dividing the people of this state.

In fact Mr. Curry does not express himself on any issue now before us. He does mention the direct primary with approval, but does not say whether or not he is for or against a state-wide vote for United States senator. This is one of the live issues that is to be passed upon by the next administration. If the Johnson forces get in, the law will be so amended as to admit of this, but if the machine forces gain the day, the present provision will be made worse if possible.

Why don't you come out, Mr. Curry, and declare yourself on these definite issues? You know they are such and why dodge them by talking about everything else, except what we want to know about? We have heard platitudes and well-rounded periods from politicians before, but they will not fill the bill this time. Let us have something new and up-to-date. Your "platform" would have served just as well ten, twenty or forty years ago as today. Wake up! friend Curry, and think and talk in terms of the present century. That's what the voters are doing and they will no longer be satisfied with meaningless phrases.

crowded house Friday evening, June 3, in the Y.M.C.A. building, under the auspices of the Queen Esther Circle of that place. The first number on the program was a violin solo by Mr. Edwards, which was well rendered and showed unusual talent.

The second number was a reading given by Miss Elma Butler, who always pleases. Next was a duet sung by Miss Genevieve Carner and Mr. McElree, which was highly applauded. Mr. Ruel Reid made his first appearance as a solo singer, and surprised the audience with his rich baritone voice.

Next on the program was the Ladies' Quartet, viz.: Brenot, Butler, Ryan and McElree, who sang one of their jolly numbers. Miss Irene Coffey sang a very pleasing song, and has a voice well worthy of praise. Mrs. McElree recited in her usual pleasing manner and was heartily encored.

Miss Jennie Lund, with her bird-like voice, sang the song, "Absent," which was appreciated by all. Miss Imogene Tillotson of Santa Ana, gave the only piano number on the program, which was played with good expression, and she responded to an encore entitled "Sunbeams," which took with the audience.

The last number on the program was a song entitled, "The Song That Reached My Heart," sung by Miss Helen Davis, and with violin obligato which was perfectly rendered.

BOARD REFUSES TO RAISE SALARIES OF TEACHERS

SANTA MONICA, June 8.—The Board of Education has emphatically refused to endorse the recommendation of Superintendent Rebok for an advance in teachers' salaries, amounting to approximately 10 per cent. The raise would have added \$4500 to the running expenses of the district for the term of nine and one-half months. The resolution that was adopted recited the fact that while living expenses are higher now than they were several years ago, the same expenses are higher for taxpayer as well as teachers.

MOTORCYCLE TO CATCH 'EM

Fullerton Tribune: In another column of this edition will be found the ordinance regarding the speed of automobiles and other vehicles, which was passed at the last meeting of the board of trustees. The limit is very reasonable, being 15 miles an hour on most of the streets of the city and 20 in the more remote districts. The trustees thought best to make the limit within reason and strictly enforce the law. In order to do this Albert Block has been engaged as a motorcycle policeman, and his machine will be equipped with a reliable speedometer. Mr. Block has been appointed deputy marshal and will have full power to arrest all persons whom he finds violating the speed ordinance.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-earned Reputation

—For months Santa Ana readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proofs of merit.

William Thursby, 417 East Walnut street, Santa Ana, Cal., says: "On and on for years I was bothered by my back and kidneys. To stoop or walk a little distance made the dull, heavy ache in my back more severe and at night my rest was badly broken. Further evidence of fault with my kidneys was shown by a heavy sediment in the secretions from these organs. Reading about Doan's Kidney Pills I got a box and soon after I commenced their use, I noticed an improvement. My back gradually grew strong and free from pain and the difficulty with the kidney secretions was corrected. Doan's Kidney Pills are

worthy of endorsement." (Statement given March 8, 1907.)

Work That Tells

On August 16, 1909, Mr. Thursby was interviewed and he said: "I have not changed my opinion of Doan's Kidney Pills since I recommended them over two years ago. The cure they effected has been permanent and I have had no further occasion to use a kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MOTOR CYCLE RUNS ARE PLANNED BY MOTOR CLUB

At a regular and well attended meeting last Friday night the Santa Ana Motorcycle Club voted to give Joe Gill, the rider of Thor IV, a perfect score.

An endurance and speed run to Arrowhead Hot Springs on July 3 and 4 was planned, and a number of machines have already been listed. The boys expect to pull off a good race. They have also planned to have a hill climb contest in the hills around San Bernardino which will be a fine test for all the machines entered.

Glee Club Concert Tonight

The Y.M.C.A. Glee Club concert to be given tonight at Spurgeon's Hall under the auspices of the Baraca Class of the Methodist church, South, promises to be a most entertaining musical event.

Not only does the club stand well with the musical public, but the soloists, Prof. Dupuy, Miss Tally and Mr. Campbell, are of unusual merit and will add greatly to the program. Prof. Dupuy is one of the most popular of Los Angeles musicians. Santa Ana people are familiar with his reputation and with his work as a director. The audience will doubtless be one of the best of the season.

Dear Madam:

You probably know just how annoying it is to have the face smart and burn and fill up with freckles just the minute you expose yourself to the sun. You've probably noticed, too, how it continued to smart and burn—fairly sting—long after you have retired. To obviate any such unpleasantness you should use

It soothes, cools and smoothes the irritated flesh and keeps it that way in spite of the wind and sun.

It is non-greasy and non-irritating — applied with the finger tips and rubbed in gently it is almost instantly absorbed. For that reason it makes an excellent base for applying talcum powder — makes any toilet talcum practically invisible.

Ebell Benefit Cast

The musical comedy of college life, "Cupid at Vassar," to be given on Friday night, June 10, at the Grand Opera House, as an Ebell Club benefit, under the direction of Ernest Crozier Phillips, will be participated in by the following cast: Tom Wotton, David O. Todd, Herman Reuter, Henry Padgham, Mrs. Van Cleave, Misses Emmeline Petersen, Ida Oederlin, Frances Bruner, Dordley Page, Marian Bristol, Mazie Perry, Edith

Perry, Hazel Thomas, Hazel Baker, Marvel Baker, Hazel Roberts, Mary Wilkes, Elsie Harrison.

Tustin "Y's" Meeting

The Tustin "Y's" who were to have met with Miss Long on next Friday, have postponed the meeting for one week.

The play "Farm Folks" put on the Grand Opera House stage last night by the students of the graduating class of the Orange County Business College, was a great success both in a histrionic way and in point of attendance. The opera house was well filled by an appreciative audience, that laughed at the funny situations and applauded the more serious ones.

The cast included Leon E. Griset of Tustin, Sophia Pohndorf of Santa Ana, Ethel Hoy of Orange, Ben Reiland of Santa Ana, J. Francis Emons of Garden Grove, Jessie Adams of Villa Park, Ruth Collins of Santa Ana, Raymond Waite of Santa Ana, Nell Kennedy of Santa Ana, Fenelon Matthews of Tustin.

In their hands the rural play went well, every actor speaking so clearly and distinctly that every word was audible over the whole house, an unusual virtue in amateur productions. Each part was well taken and the play was well staged. "Farm Folks" depicted a pretty little love story of a rich city youth portrayed by Leon Griset of Tustin and a simple country girl played by Miss Sophia Pohndorf of Santa Ana. Deceived by the haughty mother of the youth, and a country lover of the girl, the two were separated for a time and the wedding of the girl and her country lover was frustrated by the conscience of the latter and the confession of the mother. The comedy characters were the hired girl, a humble "Jack of all trades" and a neighbor woman who never had "a minnit to spare." These were taken respectively by Frances Emons of Garden Grove, Ben Reiland of Santa Ana and Miss Jessie Adams of Villa Park. The parts of the father and mother of the heroine were taken by Raymond Waite and Nell Kennedy. The cruel mother was Miss Hoy of Orange and her daughter was Miss Ruth Collins. Fenelon Matthews of Tustin was the country lover.

Miss Rose Rice and Ben Reiland each sang vocal numbers, accompanied by Miss Deardoff and both pleased so well that encores were given each. Prof. McCormac made a pleasant little talk during the evening which was well received.

Music Section Reception

The closing meeting of the Ebell Music Section for the season was held at the home of Mrs. H. G. Hull last night, in the form of a reception. The reception committee comprised the former curators, Messrs. Padgham and Rafferty and Miss Bradford, and the present curator, Mrs. Hull.

The parlors were decorated with Shasta daisies and roses, and there were some forty present. A musical game preceded a fine program of vocal and instrumental music. Refreshments followed the diversions of the evening.

Supper-Dance

The Yoch home, was the scene of a pleasant dance-supper given last night by the Phi Kappa Phi in honor of Misses Florence Mullinix and Lucille Sharp. Sweet peas were used in the parlors, and galliards in the dining room. The lower floor was used for dancing, and supper was served in three courses in the arbor, which was decorated with Japanese lanterns. The tables were adorned with pink shaded candles.

Those present were Messrs. Hugh Plumb, Howard Taft of Santa Monica, Cecil Dubois, Clyde Whitney, Lester Carden, Verne Baker, Dean Collier, Linford Lull of Los Angeles, Rex Kennedy of Orange, Ralph Noble of Los Angeles, Arthur Lutz,

DON'T PAY TWICE FOR THE SAME ROOF.

Iron, tin and most prepared roofings are really never paid for, because they need painting or coating every year or two. If you add to the cost of these roofings the cost of painting during the number of years in service, you will readily understand why.

J-M ASBESTOS ROOFING—which needs no coating—is the "cheapest-per-year" Roofing. It will not rot or rust, is permanently durable and resists fire. No acids, chemical fumes, gases, heat or cold can affect it. Costs less than slate, iron or shingles. Can be applied by anyone. Ask for samples and prices.

APPOINT FOR SECOND TIME

Everett and Nealley Will Have
to Take School Board Oath
of Office Again

For the second time within a month, A. W. Everett and E. M. Nealley have been appointed by the Board of Supervisors as members of the county board of education to succeed themselves when their terms expire on June 30.

During May both men put in applications for reappointment. The supervisors ordered that they be reappointed, and each man took the oath of office.

Not until then was it learned that the law provides that a vacancy to be caused by the expiration of a term shall be filled by appointment not before the last regular meeting before the end of the term. Hence it was found necessary to reappoint. Yesterday afternoon Supervisor Talbert moved that A. W. Everett of Huntington Beach and E. M. Nealley of Tustin be appointed. Supervisor Struck seconded, and the motion carried unanimously.

Vegely Appointed

E. L. Vegely was appointed to expect the books for the year ending June 30. Vegely was county expert a year ago, and also three years ago.

Supervisor Angle was given permission to spend in excess of \$300 in oiling roads in the Delhi and Newport road districts.

The sum of \$1000 was transferred from the general road fund to the highway fund, which fund is provided to carry the expenses of the preliminary good roads work.

At the request of Supervisor Talbert the following transfers of funds were made from the general fund to road funds: Los Alamitos, \$419.18; Bolsa, \$193.57; Garden Grove, \$360.41; Newhope \$324.11; Westminster, \$34.54.

Last "Shot" of Serum

J. F. Kinley, who was bitten by a cat afterward pronounced subject to rabies, today went to Los Angeles to receive the last treatment of serum. The serum is furnished by the government and is applied at a private hospital.

Treatments have been given daily. Following the cat-bite Mr. Kinley's hand and arm were badly swollen from blood poisoning. He expects to resume his employment at the courthouse next week.

PREPARES SYSTEM FOR HOT WEATHER

Remarkable Results of Robinson
"Thermal" for Rheumatism, Nervous Breakdown, Kidney Trouble, Skin and Other Diseases

Does What No Drug on Earth Can Do

The results produced by a Robinson "Thermal" Bath inside of 30 minutes are almost beyond belief. Physicians everywhere are changing from drugs to thermal baths in the treatment of many diseases.

It has been found, for instance, in the case of rheumatism, that uric acid in the blood can be extracted from the system completely in a few days' time.

Eczema can be completely cured within a week.

After one or two thermal baths, nervous wrecks find the change to strength and vigor hard to realize.

Similar results are obtained in cases of kidney trouble, neuralgia, pimples, all skin diseases, throat and lung trouble, insomnia, constipation, lumbago and bad colds.

This is to certify that the undersigned, a resident of Newton, Iowa, was afflicted for twenty-one years with asthma, heart trouble, kidney trouble and rheumatism. I had taken everything known to medical science, together with three seasons at Mineral Springs, without receiving relief. I commenced taking the Thermal Baths in the Robinson Thermal Bath Cabinet four years ago and was completely cured. I continue the use of them, taking the baths every week in preference to water baths for keeping clean.

L. B. WESTBROOK.

Newton, Iowa.

It is now possible for any man or woman to have Robinson Thermal Baths at home with hardly any trouble at all, and at a cost of only a few cents.

Whatever your disease or ailment, get a Robinson Thermal Bath Cabinet, and you will not only cure yourself quickly but realize as you never did before what real vigor and health are.

The best remedy for sluggish blood and spring fever.

The Robinson Thermal Bath Cabinets are on exhibition and for sale in Santa Ana at the Rowley Drug Co., and in Tustin at the Tustin Drug Store.

Go and examine them. Ask the dealer also for the book of the century, "The Philosophy of Health and Beauty," price \$2.00, but given away free for a limited time. If you cannot go and see these wonderful cabinets send your name and address to the Robinson Mfg. Co., Suite 34, Snowflake Bldg., Toronto, Ohio, for full illustrated information, free.

FOR FLOWER MISSION DAY

The W. C. T. U. of Garden
Grove is to Hold An All Day
Meeting on June 15th

GARDEN GROVE, June 8.—The Woman's Christian Temperance Union of Garden Grove, will celebrate Flower Mission Day with an all day meeting, on Wednesday, June 15th, at the home of Mrs. Amy Rolfe. Dinner will be served at noon to which business men and others are invited. The ladies are preparing a fine repast and those who fail to dine with them will miss a great treat. In the afternoon a musical and literary program will be presented, interspersed with short addresses.

This meeting will be the first social gathering under the management of Mrs. Rolfe who was recently elected county superintendent of the Social Department of the W. C. T. U. and it is expected that the local unions of Orange county will be represented in the attendance. All are invited.

The W. C. T. U. Library Benefit which was announced for Wednesday evening, June 8th, has been postponed on account of lack of time to complete arrangements. The date will be given later on.

LOS ANGELES PRODUCE MARKET

There were few changes in fruit and vegetable prices yesterday and trading was a little slower than for several days. Cantaloupes took their usual downward slide of a few cents, but did not sell as well. A quantity of old stocks was disposed of at \$1.25 a pony crate, while the few crates of Jumbos that came in sold readily at \$2.

Apricot shipments were not very heavy, and most of the stock on hand was gone by noon. The majority of the 'cots went at 75 cents per lug box, but several boxes of extra fancy stock were bought for \$1 each. Tomatoes, local and Mexican, were very scarce, and it was hard to get even a small amount at any of the houses. Cherries were unchanged. The white variety was just about cleaned up.

An advance of 1 cent a dozen was made in the prices of local ranch candied stock and case-count eggs. An effort was made to sell case counts at 26, but no buyers appeared at that price. Egg arrivals were a little light—172 cases.

Butter receipts were nearly four times as heavy as the previous day—58,672 pounds. The market was quiet and rather weak. Ladle was offered at 26, but found no demand.

The only demand in cheese was for Oregon daisy. Northern fresh, eastern twins, long-horns and daisy were offered, but no calls were made for these varieties. Arrivals were 21,748 pounds.

The potato and onion markets were both weak, with practically no trading. Potato receipts were 347 sacks; onions, 407 sacks.

All kinds of berries were somewhat weaker and slower in movement. There was a large amount of asparagus on hand. The demand was small and prices tottering. A few peaches were in evidence and were not changed in price.

Hallibut flooded the fish market. The barracuda supply was large enough to meet the demand. All other kinds were scarce.

LEGAL NOTICES

Talbert Drainage District Directors Take in Martel's Ten Acres

E. L. Vegely Reports \$4,905.31 In Treasury on May 1 of This Year

The board of directors of the Talbert Drainage District yesterday afternoon appointed A. F. Swift as a committee to go over the territory adjacent to the north boundaries of the district and see what could be done about getting lands in that territory to enter the district. At the meeting yesterday the petition of Auguste Martel to be allowed to enter ten acres in the district was granted, he to pay \$1 per acre. The petition of Mrs. Roberts to be allowed to take her lands from the district was denied.

Director Swift was authorized to scrape out the north end of Ditch A

No. 1, the trench to be a foot deep and a yard wide.
E. L. Vegely, employed to expert the books of the district since Jan. 1, 1907, reported that he had checked all coupons and warrants and found them in shape. He stated that the system of bookkeeping used by County Treasurer Joplin for the district was correct and good. His report showed that on Jan. 1, 1907, there was \$826.66 cash on hand. From that date to May 1, 1910, the total receipts was \$29,544.84 and the total disbursements \$25,466.19, leaving cash on hand \$4,905.31.

It was stated at the meeting that since May 1 the cash receipts brought the present total to \$9000.

FOUND HORSE AND RIG WHERE RENTER HAD SOLD THEM

A horse, buggy and harness rented from the Iowa Stables last Wednesday were found in Los Angeles yesterday after they had been twice sold.

Last Wednesday a man representing himself to be E. L. Donnelly of the San Diego Kerosene & Lamp Co., of 727 Sixth street, San Diego, hired a rig from the Iowa Stables. The rig was not returned that day nor the next. On Friday a long distance telephone was received from the man, saying the rig would be in that night. It was not brought in and nothing more was heard from the man who called himself Donnelly.

NEWBERT PROTECTION DISTRICT SOLD 167 BONDS FOR \$61,790 YESTERDAY

The Newbert Protection District yesterday afternoon sold \$61,790 worth of its bonds. This sale comes after a year and a half waiting, during which time the superior court in three cases, the supreme court in one of the three cases and the appellate court in the other two cases were called upon to pass upon the validity of the formation of the district and the validity of its bonds.

The bonds bear the date of Oct. 1, 1907, and bear six per cent. The money is to be paid into the district treasury by July 1.

The bonds sold yesterday were sold at par, as follows, each bond being for \$370: A. J. Visel, thirteen; Emma P. Mosbaugh, eighty-one; Lottie E.

Palmer, seventy-three.
The district may endeavor to sell more bonds in the near future.

S. E. Talbert, committeeman on channel right-of-way, reported to the board of directors yesterday the work that he has done among the property owners. Some of the owners have named figures. Others refuse to give prices because they do not know exactly where the channel runs. On Talbert's suggestion the engineer was instructed to set stakes along the entire channel, that each man may know just where the channel crosses his land. Talbert was continued as committeeman on right-of-way.

The district directors meet again on June 18, at the office of the secretary, Miss Frances Johnston.

AVERAGE PAY OF PREACHERS

United States Pays Average Salary of \$636 to Her Ministers

WASHINGTON, D. C., May 26, 1910.—The average annual salary of a minister of the gospel is but \$663, in all the denominations represented in the compilations on the subject in Part 1 of a special report on the Census of Religious Bodies for 1906, which is now in press preparatory to its submission by United States Census Director Durand to Secretary Nagel of the Department of Commerce and Labor. The report was compiled under the supervision of Mr. William C. Hunt, chief statistician of population in the Census Bureau, and the statistics were collected partly by correspondence and partly by special agents.

First Official Statistics Concerning Pay of Ministers

It is pointed out in the introduction that this is the first time an attempt has been made in a United States census to secure official statistics concerning salaries paid to ministers. It is stated that the results of the census are not entirely satisfactory on account of the failure of some ministers to report their salary and of others to report with sufficient clearness. Of the grand total of 186 denominations in continental United States, the report states that 15 have no regular ministry and 69 either pay no stated salary or made returns which were not sufficiently complete to warrant tabulation.

The denomination showing the highest average is the Unitarian, with \$1653, while the denominations next in order are the Protestant Episcopal church, \$1242; the Universalists, \$1238; the General Convention of the New Jerusalem in the United States of America, \$1177; the Reformed Church in America, \$1176; the United Presbyterian Church of North America, \$1096; the Congregationalists, \$1042; the Christian Catholic Church in Zion, \$1037, and the Synod of the Reformed Presbyterian Church

of North America, \$1008.

Among the denominations showing an average salary considerably lower than the general average for the United States are the Advent Christian church; all Baptist bodies except the Northern Baptist Convention; the Christian Union; the Christians (Christian Connection); the Church of Christ, Scientist; the General Eldership of the Churches of God in North America; the Society of Friends (Orthodox); the colored Methodist bodies; the Methodist Protestant, Wesleyan Methodist, and Free Methodist churches; the Salvation Army, and the Volunteers of America. In the case of most of these last named bodies, as shown by the report, many of the organizations reporting are outside of the principal cities, and many of them are doubtless in rural regions, and this fact accounts largely for the comparatively low average salary. The low average shown for the Church of Christ, Scientist, is said to be due to the fact that most of those who serve as ministers, or readers, are persons having other vocations and not dependent on the salaries paid by the churches. In the case of the Salvation Army and the Volunteers of America the allowance made for the officers serving at the various posts is usually based upon their probable expenses, and is practically limited to these expenses.
